About the place & the organisation

A.N.F.F.A.S. ONLUS PORDENONE is a non-profit association based in Pordenone, Italy. It works in field of socio-educational activities addressed to people with physical disabilities and learning difficulties.

Pordenone is approximately one hour from Venice in the North East of Italy and has about 50.000 inhabitants. The city is located close to both mountains and the sea, which offers people chance for skiing and other winter sports in winter, and relaxing on beach in summer.

It has good economic and cultural development, and one the more exciting rock scenes in Italy since the late seventies.

It is also a city with big student community, as some departments from the Universities of Udine and Trento have been moved here.

The medieval city centre is very beautiful with its gothic and renaissance buildings, and it is a very suggestive setting for the colourful carnival and the floats parade that take place every year.
